

your cloud solutions partner

We partner with you to develop strategies and solutions for a cloud or hybrid-cloud environment – addressing complex problems with practical solutions.

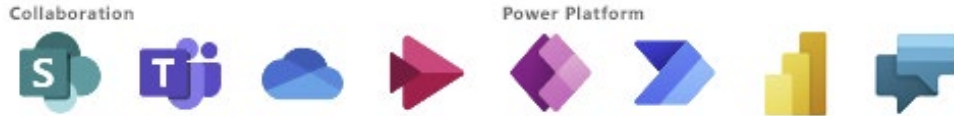

CORE COMPETENCIES

We help our clients achieve their goals through thoughtful analysis, strategy development, and timely execution.

WE ARE MICROSOFT PROFESSIONALS

The Microsoft Tenant doesn't have to be a confusing space to navigate. Work with Cumulus to implement policies and practices to address the proliferation of SharePoint Sites and Microsoft Teams. Explore options to leverage Azure instances that enhance and extend Microsoft 365 functionality.

Helping you get the most out of Microsoft Office 365

PAST PERFORMANCES

Lead migration efforts of 100TB of data from Google Suite to Microsoft 365 (Google Docs to OneDrive and Google Sites to SharePoint Sites/Teams)

Developed Self-Service Center leveraging Microsoft's Power Platform to provision sites, manage storage, and provide metrics for usage and requests. The Self-Service Center became the cornerstone for continual process improvement by providing auditing and traceability.

Built communities that are user driven. Combined with the Self-Service Center, lead to a reduction in Helpdesk tickets by 40% and 80% for SharePoint related requests.
